Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Rehabilitation of the Bridge on State Route 6 over the Delaware River Project in fiscal year 24. The entity to receive funding is the Pennsylvania Department of Transportation (PennDOT), located at 55 Keystone Industrial Park, Dunmore, PA 18512. The funding would be used to implement rehabilitation activities, like replacing the existing bridge deck and completing minor steel repairs, to extend the life of the bridge. The funding is an appropriate use of taxpayer funds because it will delay the need for a costly bridge replacement project in the future, while also ensuring the safety of the 17,478 vehicles traveling between Northeastern Pennsylvania and Southeastern New York using this bridge.

The project has a Federal nexus because the funding provided is for purposes authorized by Title 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Matt Cartwright  
Member of Congress
