Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Lackawanna River Basin Sewer Authority Clinton Township Wastewater Treatment Plant Clarifier Replacement in fiscal year 2024. The entity to receive funding for this project is Lackawanna River Basin Sewer Authority, located at 145 Boulevard Avenue, Throop, PA 18512. The funding would be used for upgrading the Lackawanna River Basin Sewer Authority's Clinton Township wastewater treatment plant. The project is an appropriate use of taxpayer funds because it will improve an essential public service and support continued compliance with discharge standards established by the Clean Water Act's National Pollutant Discharge Elimination System (NPDES) permit under which the wastewater treatment facility operates.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Matt Cartwright
Member of Congress
